Hi Rita,

The information is attached. I have cc's Mark Hildebrand as he is the ODEQ lead for the project.
Thanks.

Subject: recent fish kill in OKC

Hi Jhana! It's been a long time since I've talked to you. I hope all is well.

The reason I am bugging you today is the recent fish kill in OKC due to a spill of fracking fluid. Did you by chance collect and analyze the fracking fluid? If so, did you run SVOCs? If so, did the lab report any problems with the mixture gelling when the pH was raised? Any information you have will be helpful. Thanks.
